SERIES OF ACCIDENTS IN CLIFTON--MORENCI

TWO MINERS ARE KILLED OUT-
RIGHT IN DIFFERENT
SHAFTS.

Both Were Employed by Arizona Cop-
per Co., and Their Ends Due to In-
dividual Carelessness--Concentrator
Workman Has Skull Fractured.

While employed in the Humboldt
mine of the A. C. Company Monday
afternoon Manuel Gomez made a
mistake that caused him to lose his
life at the bottom of the shaft into
which he fell.

As far as can be learned about the
unfortunate occurrence, Gomez, in
company with Jesus Aguayo was tram-
ming ore to the shaft, up which it was
hoisted, and in reaching for the side
of the shaft to assist in shoving the
car on the elevator caught hold of the
signal rope and gave the signal to
the engine to hoist. Not knowing of
the removal of the elevator, the un-
fortunate man and his companion
pushed the ore-laden car into the
shaft and the overbalanced car drew
Gomez after it. Aguayo only saved
himself from the same fate by grasp-
ing one of the uprights of the shaft,
and drew himself back to safety. As
soon as he could recover himself suf-
ficiently he gave the alarm to the sur-
face, and a rescue party was organized
to recover the man in the shaft.
After three quarters of an hour hard
work the body was brought to the
surface, but life was extinct, the fall
having broken his neck, killing him
instantly. The depth of the shaft
from where the man fell is little over
200 feet with some water at the bot-
tom. An inquest was held and the
evidence given was clearly that the
killed man was the cause of his own
death, the hoist man had no means of
knowing when to hoist other than that
given him from the mine, and the
bell signal seemed to him all right,
and hoisted accordingly.

The unfortunate man leaves a wife
and child in Morenci, who will be
looked after by the company by whom
the deceased was employed.—Morenci
Leader.

Through falling into a shaft at Met-
calf yesterday, Jesus de la Luz Her-
nandez, a miner working for the A. C.
Company broke his neck and was
killed instantly. The day shift had
just quit work, and Hernandez was
going towards the surface when the
accident occurred. Details are lack-
ing.

The shaft into which the man fell
was about forty-five feet deep, and
death was instantaneous.

The Sociedad Juarez, of which the
deceased was a member, had charge
of the funeral services which were
held at half past five this afternoon.—
Morenci Leader.

While working on the erection of
the new ore bins at the concentrator
yesterday afternoon, A. L. Woodcock,
one of the iron men, fell a distance of
about twenty feet, fracturing his skull
at the base.

The injured man was working on a
platform on the inside of a partially
erected bin, riveting, when in some
manner he stepped off the platform,
falling to the ground. As quickly as
possible he was carried to a car and
taken to the D. C. hospital, where Dr.
Tuthill gave him treatment. The in-
jury is such that the recovery of the
man is very doubtful, although every-
thing possible to be done for him is
being done.—Morenci Leader.

L. R. Allen, who expects to shortly
commence the erection of a building
on Odd Fellow lot, will leave today
for his former home at Las Vegas on
a couple of weeks' business mission.

A DEVIL'S LANE.

New Idea in Stage Life Evolved in the
Play.

It is claiming a good deal to say that
there has been a new idea evolved in
stage life, but that claim is certainly
substantiated in the play, "A Devil's
Lane." The cheerful pictures of real
life, the sweetness of pure affection
and the love of the domestic hearth,
all brightened by the sense of the comic
rather than the tragic, it would be
fitting for the Opera House manager
to put these words above the door,
"Abandon care, all ye who enter here,"
when this bright joyful comedy comes
to town. "A Devil's Lane" tells the
story of a family quarrel of genera-
tions standing, and how the worthy
and otherwise genial feudists endeavor
to live up to their ancestral parti-
sanships and how a funny "Terrible
Kid" unconsciously leads them all a
merry chase through tangled ways and
into the sunshiny open of a glad un-
derstanding. A pretty climax. This
delightful musical comedy, once seen,
never forgotten, will appear at the Op-
era House on Wednesday evening.

TEAMSTERS THREATEN EXTEN-
SION

Of Chicago Strike--No Prospect of
Peaceable Settlement.

Chicago, April 10.—There was nothing
in today's developments which
would indicate there is to be a peace-
able settlement of the strike inaugu-
rated by the Teamsters against the
mail order house of Montgomery, Ward
& Co.

Forty members of the Employers'
Association at a meeting today issued
a statement to teamsters and asked
that the sympathetic strike stop.

The Teamsters for the past two days
have been threatening to declare a
sympathetic strike in other parts of
the city unless a speedy settlement
of the present struggle is reached.

payment for property to be made if

tricts in the near future.

A WOMAN'S ORDEAL DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn,
Mass., and Receive Valuable Advice
Absolutely Confidential and Free

There can be no more terrible ordeal
to a delicate, sensitive, refined woman
than to be obliged to answer certain
questions in regard to her private ills,
even when those questions are asked
by her family physician, and many

continue to suffer rather than submit
to examinations which so many physi-
cians propose in order to intelligently
treat the disease; and this is the reason
why so many physicians fail to
cure female disease.

This is also the reason why thousands
upon thousands of women are corre-
sponding with Mrs. Pinkham, at Lynn,
Mass. To her they can confide every
detail of their illness, and from her
great knowledge, obtained from
years of experience in treating female
ills, Mrs. Pinkham can advise women
more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs.
T. C. Willadsen, of Manning, Ia. She
writes:

Dear Mrs. Pinkham:—
I can truly say that you have saved my
life, and I cannot express my gratitude in
words. Before I wrote to you telling you
how I felt, I had doctored for over two years
steadily, and spent lots of money in medicines
besides, but it all failed to do me any good.
I had female trouble and would daily have faint-
ing spells, backache, bearing-down pains, and
my monthly periods were very irregular and
finally ceased. I wrote to you for your ad-
vice and received a letter full of instructions
just what to do, and also commenced to take
Lydia E. Pinkham's Vegetable Compound,
and I have been restored to perfect health.
Had it not been for you I would have been in
my grave to-day.

Mountains of proof establish the fact
that no medicine in the world equals
Lydia E. Pinkham's Vegetable Com-
pound for restoring women's health.

BRIEF CITY NEWS

Police Court Business—There was
small activity in the police courts yester-
day. Two drunks were before
Judge Murphy, receiving five days
each. A like record was made at the
court of Judge McDonald.

Douglas Band Coming—On invita-
tion of the Bisbee baseball team and
the Copper Queen band, the Douglas
band will come to the city next Sun-
day to participate in the opening of
the new athletic park at Don Luis.

Funeral of Mrs. Tate—The funeral
of Mrs. Thomas Tate occurred yester-
day afternoon. It was largely at-
tended. McLain Tate, the only mem-
ber of the family not present at the
time of the death of Mrs. Tate, arrived
in the city from Tucson yesterday
morning. He will probably remain
here some days.

Again It Rains—A rain that appears
to be general set in yesterday and has
once more swamped the streets with
mud and water. Passengers in from
the East last night stated that they en-
countered the storm at Rodeo. It
rained at Cananea most of yesterday
and also at Benson.

Col. McClintock Here—Col. Mc-
Clintock, postmaster at Phoenix, was
a visitor in the city yesterday, stop-
ping over on his way home from the
Rough Riders' reunion at San Antonio.
While here Col. McClintock was kept
busy talking politics with his political
friends. In the evening he went down
to Douglas for a brief visit. It is
probable he will go home from there
today.
